

HOT AND COLD **CUP** COLLECTION

ECONOMICAL, CONVENIENT, ATTRACTIVE.

**BARISTA TROPHY HOT CUPS**

The Barista Trophy cup is comfortable to hold and keeps beverages hot. Made of compressed polystyrene foam, the Trophy Cup offers safe, superior insulation, sturdy construction and a common lid for all sizes. Superior printing capabilities means it is always colorful and attractive.

**PURCHASING HOT TROPHY CUPS  
INSTEAD OF BEADED FOAM CUPS CAN  
REDUCE  
SHELF SPACE  
BY UP TO  
47%**

**SOHO PAPER HOT CUPS**

Made of single poly-coated recyclable paper, these cups are strong, durable and display warm, inviting graphics. All sizes share a common lid.

Sleeves available upon request.

## CELEBRATE BEADED FOAM HOT OR COLD CUPS

Highly insulated and comfortable, beaded foam is a practical, popular cup. It is strong and durable, sporting bright, cheerful graphics.

### LARGE SIZES

Two different shapes for convenience and comfort; drinks stay cold, carbonated and in the cup.

### SMALL SIZES

In popular sizes, all sharing a common lid; ideal for both hot and cold beverages.

**STRADA PLASTIC COLD CUPS**

Strada cold cups are bright and attractive. Clear plastic cups have proven to be effective in allowing cold beverages to sell themselves.

**STRADA PLASTIC FROZEN DRINK CUPS**

Convenient and attractive clear plastic in popular frozen drink sizes. Durable and convenient, these cups are attractive and appealing to customers.

### STRADA TROPHY & FOAM COLD CUPS

Providing excellent insulation, the cold Trophy Cup keeps beverages cold and carbonated while reducing sweating. It allows nesting and greater utilization of space, uses strong, stabilizing lids with flavor identifiers.

Trophy/Foam Cold Cups

### STRADA PAPER COLD CUPS

The paper cold cups are double poly-coated for strength and durability. Designed to be sturdy and leak proof, they are an economical beverage center solution.

Paper Cold Cups

**COFFEE TIME WRAPPED HOT CUPS**

Offering the best of both worlds, this is a wrapped, beaded foam cup with all the advantages of beaded foam, but displaying superior graphics.

**BARE ECO-PAPER HOT CUPS**

The first ever FDA compliant PCF paper hot cup, this cup is made of at least 10% post consumer recycled fiber, using at least 90% renewable resources. Soft, calming graphics give a pleasing and natural look to this most ecological of cups.

Sleeves available upon request.

### SONORAN BEADED FOAM COLD CUPS

Slightly smaller sizing (compared to 32 and 44 oz) increase profit margins by reducing beverage concentrate usage. Highly insulated and comfortable, beaded foam is a practical, popular cup. It is strong and durable, sporting bright, desert-themed graphics.

### HOLD'N'GO INSULATED PAPER HOT CUPS

Using a new, patented technology, this cup offers excellent insulation eliminating the need for double cupping or sleeves. Hands stay comfortable while beverages remain hot.

**CAFÉ SUPREMO HIGH DENSITY FOAM HOT CUPS**

Enjoy high quality material and project a better image of your business with the superior full color print capabilities of a High Density Foam Cup. Beaded foam material offers superior heat retention and intense durability. Rolled smooth rims allows for unique drinking comfort.

Contact your McLane representative for pricing. Art may change without notice.
